

Would You Save the Profit and More on Your Dress Goods Purchases?

Here is your opportunity. We have gone through our stock of Dress Goods and culled out every piece measuring less than 8 yards and put them on a counter at remnant prices; this means a saving of 25 to 50 cents on every dollar's worth you can buy on this counter.

More Than 300 Yards

Former prices vary from 50c to \$1.75 per yard and length range from 1 1-3 to 8 yards. There are a good many suit, skirt and dress lengths and any number of pieces suitable for children's suits and dresses. Our dress goods remnants are always picked up quickly so intending purchasers should not delay.

Two Specials

45 inch All Wool Panama 75c. This is one of the prettiest Panamas we have ever seen at this price—it's a very fine, even cloth of tightly twisted yarns and woven in shadow stripes. Colors are Black, Blue, Brown, Red, Catawba and Green.

56 inch All Wool Suiting \$1.00. Think of the width and then of the fact that it's all wool. It has pretty woven stripe and comes in Black, Blue, Brown and Green. It's a splendid fabric for Suits or Skirts.

Why RALSTON SHOES are non-wrinkling

As you have probably noticed, most shoes have a tendency to wrinkle and "bunch up" across the toes after the shoes have been worn a few times. This is the fault of the lasting (the process of pulling and stretching the leather over the wooden last.)

The RALSTON method has remedied this fault. Ralston vamps are first crimped (see illustration) then lasted. There are no bunches, no wrinkles, because every part of the vamp fits the last perfectly without straining the leather at any point. This adds to the wear of the shoe. It also explains the reason why Ralston's retain their smart appearance until worn out.

There are other unusual features of RALSTON SHOE construction which will appeal to you. Come in and look over our new styles.
